Serial No.: 10/693,040

Attorney Docket No.: 86100/SHS

Date of Interview: August 8, 2007

Agreement was reached between Applicants and Supervisor Samir Ahmed that the cited reference of Adobe Photoshop did not explicitly show or teach mapping multiple image characteristic controls to a single loop position controller or a video loop as claimed in claim 1. Supervisor Ahmed stated that the reference would be withdrawn and a new search conducted upon submission of a response from the Applicants. Amendment of claim 1 would be inappropriate at this point.
